# INTRODUCTION
## AND
## GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories (publishers of the Wilmington City Directory since 1897), present to subscribers and the general public, this, the 1962 edition of the Wilmington City Directory, which also includes Audubon, Devon Park, Edgewood, Foxtown, Garden City, Hanover Heights, Highwood Park, Idlewild, Long Leaf Hills, Oak Court, Oak Crest, Piney Woods and Winter Park.

Confidence in the growth of Wilmington's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Wilmington to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Wilmington Directory will fulfill its mission as a source of authentic information pertaining to the community.

### Five Major Departments

The five major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department, printed on goldenrod paper, and contains the advertisements of leading manufacturing, business and professional interests of Wilmington. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Wilmington, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

II. THE CLASSIFIED BUSINESS DIRECTORY is the second major department, printed on canary paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such, it plays an important part in the daily activities of the commercial, industrial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

III. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the third major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Wilmington, and the name, official personnel, nature and address of each firm and corporation in the city.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the fourth major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

V. THE NUMERICAL TELEPHONE DIRECTORY is the fifth major department, printed on blue paper.

### Community Publicity

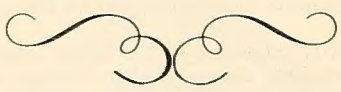

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a port, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Wilmington and vicinity.

### The Wilmington Out-of-Town City Directory Library

Through the courtesy of the publishers of the Wilmington City Directory, a Directory Library is maintained in the offices of the Wilmington Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

# FAIR PRACTICE CODE

## for ADVERTISING and SELLING recommended by the ASSOCIATION OF BETTER BUSINESS BUREAUS, INC.

I. Serve the public with honest values.

II. Tell the truth about what is offered.

III. Tell the truth in a forthright manner so its significance may be understood by the trusting as well as the analytical.

IV. Tell customers what they want to know – what they have a right to know and ought to know about what is offered so that they may buy wisely and obtain the maximum satisfaction from their purchases.

V. Be prepared and willing to make good as promised and without quibble on any guarantee offered.

VI. Be sure that the normal use of merchandise or services offered will not be hazardous to public health or life.

VII. Reveal material facts, the deceptive concealment of which might cause consumers to be misled.

VIII. Advertise and sell merchandise or service on its merit and refrain from attacking your competitors or reflecting unfairly upon their products, services, or methods of doing business.

IX. If testimonials are used, use only those of competent witnesses who are sincere and honest in what they say about what you sell.

X. Avoid all tricky devices and schemes such as deceitful trade-in allowances, fictitious list prices, false and exaggerated comparative prices, bait advertising, misleading free offers, fake sales and similar practices which prey upon human ignorance and gullibility.

## Location

Wilmington, county seat of New Hanover County, is situated in the southeastern part of North Carolina, on the east bank of the Cape Fear River, about thirty miles from the Atlantic Ocean. This distance from the ocean is due to the fact that the Cape Fear River flows from Wilmington in a southeasterly direction. The distance from Wilmington to the ocean, via highway, is only twelve miles. Wilmington is approximately 200 miles from Charlotte, 125 miles from Raleigh, 170 miles from Charleston, S. C., and 255 miles from Norfolk. It is the principal deep-water port in North Carolina, with a 34-foot channel from ocean bar to Wilmington, distance of 30 miles.

## Swimming and Beaches

Excellent swimming facilities are available at ten popular ocean beach resorts in the immediate vicinity of Wilmington and at nearby sounds. Beach resorts include Carolina, Wrightsville, Fort Fisher, Kure's, Wilmington, Long, Caswell and Holden's beaches.

## Fishing

Fishing is enhanced by the activities of the New Hanover Fishing Club, largest organization of its kind in America. The annual Fishing Rodeo, Dec. 1 through Nov. 30, sponsored by the Southeastern North Carolina Beach Association, offers cash and equipment prizes. The proximity of the Gulf Stream and

availability of fishing-party boats make deep-sea fishing a popular sport. Waltonites have a choice of casting from pier, boat, strand or sound.

"Spacious, Clean, Uncluttered beaches"

### Camp LeJeune and Fort Bragg

Camp LeJeune, a permanent U. S. Marine Corps training base, 50 miles northeast of Wilmington, is considered a local enterprise, for Wilmington serves thousands of enlisted and officer personnel from a week-end recreation and trading center. Thousands of soldiers from Fort Bragg, near Fayetteville, also spend week-ends in Wilmington and at nearby beaches.

### Gardens

Nature-lovers thrill to the springtime beauty of the azalea and camellia gardens at Orton and Airlie plantations, and the colorful plants and moss-covered cypress at Greenfield Gardens in the heart of Wilmington. All three are open the year round. Annual tours of outstanding gardens are conducted by the Garden Club. Private estates are visited by special arrangement. The annual Azalea Festival is held annually late in March or early in April.

### Landmarks and Historic Ruins

Settled in 1730, Wilmington has many famous historical buildings and landmarks, including British General Cornwallis' Revolutionary War Headquarters; several of the oldest churches in America; the church where Woodrow Wilson worshipped as a youth; the birthplace of Whistler's mother; historic Fort Fisher; Orton Mansion, built in 1725; and Colonial church ruins.

### Population Increase

Wilmington's population, within its city limits, increased rapidly between 1940, when it was 33,407, and 1960, when it was 45,043. Present population of New Hanover County is estimated at 74,500 and that of Wilmington is estimated at 55,000.

### Industry, Transportation, Trade Agriculture

The economic life of the Wilmington area within the last few years has been undergoing a material change. This change has been due chiefly to the enlarging of existing manufacturing plants and the erection of new ones in the immediate territory. Wilmington has become justly famous for the handling and conversion of timber, petroleum, asphalt and fertilizer products; the fabrication of marine boilers, and the manufacture of hosiery, shirts, plush, velour, paper products, textile bags, air conditioning and heating components.

A recent factor that added to the industrial life of this area was the new steam generating plant of the Carolina Power and Light Company. This new plant assures more than an adequacy of electric power for the Wilmington area, for some time to come. The magnitude of this plant affords expansion also for other areas of southeastern North Carolina. Plans of the company contemplated expansion of the Coastal Plain area in that local installations were designed for four units. Two generating units have been installed, which normally develop 300,000 horsepower. Also, the Tidewater Natural Gas Company has brought natural gas to Wilmington and conversion of local equipment was completed in 1960.

With both water and rail transportations thus affording quick hauls and low freight rates, and near the sources of raw materials, Wilmington is a splendid spot for manufacturing industries. Two big railroad systems—the Atlantic Coast Line and the Seaboard Air Line—place the city near the great coal fields and iron-producing zones.

Wilmington is the center of one of the greatest vegetable and flower districts in North Carolina. It produces nearly $2,000,000 in early crops, bulbs, flowers and truck crops. It has 250 growing days per year, with equable rainfall.

**The City Hall Building at Third and Princess Streets, erected in 1855, with its Corinthian Columns, impresses local citizens and tourtists alike. For its age of 100 years, it is in excellent condition—New Hanover County Court House in rear of photograph.**

**State Port Terminals south side of city, on the Cape Fear River.**

### The Port of Wilmington in Relation to Foreign Trade

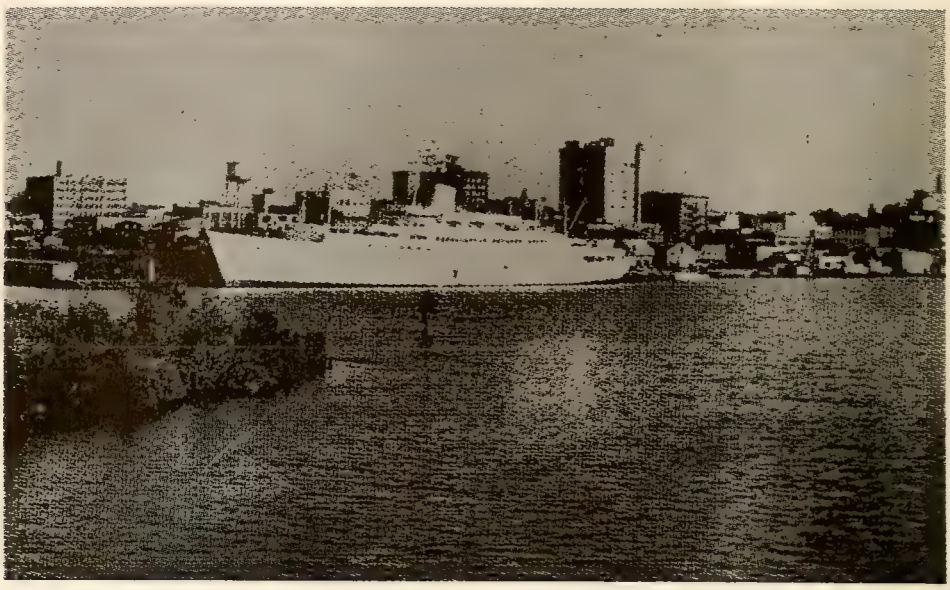

Wilmington possesses a fresh-water harbor about thirty miles from the mouth of the Cape Fear River. It is open to navigation on a 24-hour basis, the river being adequately equipped with lights for night navigation. Ice conditions are unknown, and fair weather generally is prevalent. A deep-water channel of 34 feet is provided, insuring safe passage of deep-draft vessels, from the mouth of the river to Wilmington. Satisfactory turning basins are provided for the largest freighters afloat, and vessels from Europe, Africa, Mediterranean and Middle Eastern Ports call at Wilmington. In addition, there are vessels calling from the West Indies, and there is a projection for intercoastal and Far Eastern services.

Excellent rail facilities, afforded by two major railroads, are available for the satisfactory distribution of import commodities throughout the state of North Carolina and through the interior of the U. S. Wilmington, as a port, also is a focal point for export shipments, not only from North Carolina, but nearby and Mid-Western states. The import and export traffic through the Port of Wilmington is heavy and ever-increasing, which marks a successful port. Large quantities of tobacco, cotton goods, fertilizer materials, lumber products, foodstuffs and other commodities are handled regularly for export. The imports are varied. Vast quantities of petroleum products are shipped regularly into Wilmington for distribution throughout the state. Nitrate materials, sulphur, molasses, sugar, hardwoods, softwoods also burlap and additional commodities constitute the bulk of the import traffic.

The North Carolina State Ports Authority is capable of handling five ships of the size of C-2 vessels at one time. The most modern handling equipment is used, and there are transit sheds aggregating 278,000 square feet of transit space and storage warehouse of 189,000 square feet. These terminals are the most modern of their kind on the Atlantic Seaboard and are properly equipped for the expeditious handling of either truck or rail traffic. The terminals were constructed at a cost of $5,500,000. $2,500,000 was spent in 1959 for new construction.

The city has, in addition to the state ports terminal facilities, some 600,000 more square feet of terminal warehouse space and wharves available, which will accommodate twelve ocean-going ships at one time.

C. E. GRISSOM & SONS, INC.

**Wilmington is fast becoming known as the leading Cruise Port of the South Atlantic.**

**Salt and fresh water in the Wilmington area provide unparalleled recreation and enjoyment for all.**

Wilmington is North Carolina's major seaport city and the gateway of the State's commerce and trade. North Carolina is vast in area, larger than New York or Pennsylvania, and almost as large as New England. Wilmington is the natural distributing point for North Carolina and parts of South Carolina and Georgia. The port of Wilmington is the nearest Atlantic port to the Ohio gateways.

Sunny Point Army Terminal, constructed at a cost of $25,000,000, 25 miles south of Wilmington on the Cape Fear River, is an ammunition outloading depot of the United States Army.

Wilmington is the terminus of six major highways of North Carolina's splendid good roads system. The city also is an important point on the Ocean Highway extending from Portland, Maine, to Miami, Fla. U. S. Routes 17, 74, 76, 117 and 421 serve the city.

Bluethenthal Field is one of the most modern and efficient to be found between New York and Miami. It has two intersecting paved runways of 7,000 feet in length, and a cross runway of 8,000 feet. It accommodates jet aircraft as well as modern commercial aircraft operated by Piedmont Air Lines and National Airlines on scheduled flights. The entire airport area is 1,200 acres, with a modern administration building. Bluethenthal Field itself is serviced by the latest ILS equipment. The U. S. Weather Bureau office is located at the field, and reports are available on a 24-hour basis. Transient aircraft and aircraft of the Armed Services are always welcome to use this ultra-modern facility.

### An Ideal Place to Live

Wilmington has a wonderful climate; no extremes of heat or cold. Average summer temperature, 78 degrees; average winter temperature, 48 degrees. The normal rainfall is 53 inches; average annual clear days, 132 (New York rainfall, 44 inches; clear days, 118. New Orleans, rainfall, 57 inches; clear days, 109). The mild climate and diversified opportunities make this city and section a haven for homeseekers.

Wilmington is a city of fine streets and parks, attractive homes, beautiful churches and modern schools, in a county netted by good roads. It is a place of up-to-date amusements, with some of the best beach resorts on the South Atlantic Coast within thirty minutes' ride of the city. Wrightsville Beach, eight miles east of the city, is an island resort of fame and renown. It is connected with the mainland by excellent half-hour bus service and causeway to Harbor Island just west of the beach. Carolina, Wilmington and Fort Fisher Beaches, south of the city, are mainland resorts with many delightful attractions. Wilmington's five fine beaches are among the only mainland resorts on the North Carolina coast where one can drive directly to the ocean in an automobile. The five beaches attract approximately 100,000 visitors every summer.

**Resort activities make for a happier life and a stronger economy for the New Hanover County area.**

The Wilmington Chamber of Commerce, P. O. Box 330, welcomes the opportunity of answering questions about the city, the county and the fine beaches. Write the Chamber of Commerce for any information needed. You are assured of prompt, cordial and co-operative service, geared to a program of community development.

# *Please!* Do Not Lend Your CITY DIRECTORY

## IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

*Out of Sight • Out of Mind*

★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

**The City Directory is the natural medium for keeping a business or product name in the spotlight.** ***Insist on being well represented in its pages.***

**Do your employers furnish you with the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

# DIRECTORY SYMBOLS AND DESIGNATIONS

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

**Do your employers furnish you with the latest edition of the City Directory**

**?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

## *ELECTRICALLY*

Alert businessmen recognize the benefits of year 'round climate control which the Electric Heat Pump provides, automatically.

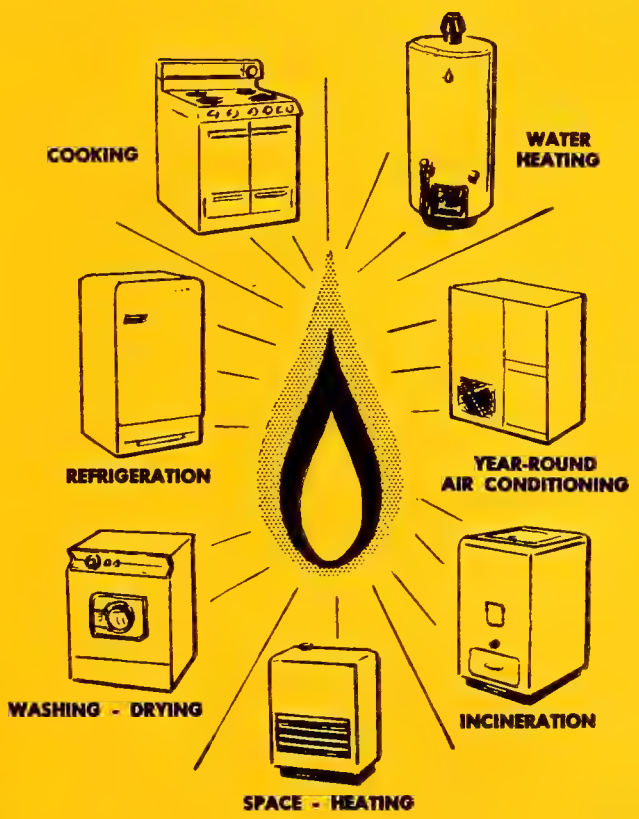

Using no fuel except electricity, this modern method of heating and cooling does both jobs with the same, compact unit. It helps cut maintenance and redecorating costs—boosts employee efficiency and morale - increases customer comfort.

For further details on the electric heat pump and other applications of FLAMELESS electric heating and cooling, just call your CP&L office. . . . no obligation of course.

## EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in **heavy type** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

## Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

# 1962

INCLUDING AUDUBON, DEVON PARK, EDGEWOOD, FOXTOWN, GARDEN CITY, HANOVER HEIGHTS, HIGHWOOD PARK, IDLEWILD, LONG LEAF HILLS, OAK COURT, OAK CREST, PINEY WOODS AND WINTER PARK

Copyright, 1962, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both side of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc. does not appear, the designation st is understood.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

# Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

**Your City Directory Contains:**

**1** An *ALPHABETICAL* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

**2** *A HOUSEHOLDERS' DIRECTORY* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

**3** A *CLASSIFIED BUSINESS DIRECTORY* listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

**4** A *"YELLOW SECTION"*, where the advertiser may explain in greater detail the services or products he has to offer.

**5** A *STATISTICAL and HISTORICAL STORY* of your city: plus miscellaneous other information.
